DATA PRODUCTS AND REPORTS

DATA

Hospital Survey Form (Hard Copy), 1992-2001

No charge

Blank copy of the Annual Survey of Hospitals form. The three most recent survey forms can be viewed and printed from the OHIA web site.

Hospital Survey (Hard Copy), 1992-2001

For more than 2 copies,
please see (a) on page 9.

Copy of the Annual Survey of Hospitals submitted by each facility.

Hospital Survey Data on Diskette (SOD) (Diskette or CD-ROM), 1991-2001

\$250 per year

SOD are available in ASCII (.txt), database (.dbf) and spreadsheet (.xls) format. Add \$1.85 for CD-ROM orders.

All years include a blank copy of requested year's survey, variables listing, and documentation.

Nonprofit Hospital Charity Care Data (Hard Copy), 1994-2001

For more than 4
copies, please see
(b) on page 9.

Annual Statement of Community Benefits Standard form for individual hospitals. The form provides information on standards selected and certain financial data reported by the nonprofit hospital relating to charity care, government-sponsored indigent health care and other community benefits.

Nonprofit Hospital Charity Care Data (Diskette or CD-ROM), 1994-2001

\$75 per year

Charity care and community benefits information compiled from the Annual Statement of Community Benefits Standard forms. Information is available in ASCII (.txt), spreadsheet (.wb2) and database (.dbf) format. Includes a blank copy of the requested year's form, variables listing, and documentation. Add \$1.85 for CD-ROM orders.

Nonprofit Hospital Annual Report of the Community Benefits Plan, (Hard Copy),
1994-2001

Cost varies
depending on
length of report.

A hospital specific annual report of Community Benefits Plan (includes goals, objectives, and achievements) submitted by Texas nonprofit hospitals under state charity care and community benefits reporting requirements.

Texas Acute Care Hospital Fact Sheet, 2001 (can be viewed/printed from the OHIA web site)

No charge

Two page summary on Texas acute care hospitals. Page 1 provides information by ownership, bed size and location (2001). Page 2 includes information on trends in utilization, uncompensated care and gross patient revenue from Annual Survey of hospitals (1992-2001).

Contact: Office of Health Information and Analysis (OHIA), Texas Department of Health

DATA PRODUCTS AND REPORTS

SPECIAL REPORTS

Migration for Birth, 1997-2000

No charge

Annual report describes patient origin and destination for childbirth by county. These reports can be viewed on the OHIA web site.

Texas Department of Health Inventory of Health Related Databases, 2000

No charge

Contains a one-page summary for databases maintained by the Texas Department of Health. Includes information on database description, its purpose, socio-demographic variables, geographic coverage of the data, year(s) of data available, collection mandates, available reports, and contact person. This report can be viewed on the OHIA web site.

Texas' Healthy People 2000 Health Status Indicators by Race and Ethnicity, 1980-1996

No charge

Health Status Indicators presented in this report were developed to provide a measurable, understandable and outcome oriented assessment of community health at the federal, state and local level. For most indicators, data are presented over the past 10-14 years in order to determine if Texas' health status relative to that indicator is improving, remaining the same or worsening. In addition to showing Texas data over time, the most recent national rates by race and ethnicity are compared to Texas rates for the same year. This report can be viewed on the OHIA web site.

Texas Health Data

No charge

An easy to use web site enabling users to interactively key health and population indicators for any Texas county. This system is on the TDH web site (www.tdh.state.tx.us) under the "Health Data Section". Developed in 2000, in collaboration with the state of Missouri and the National Center for Health Statistics, users are able to custom generate and download data tables for 1990 through 1998, birth, death or population statistics.

Selected Demographic and Public Health Measures: Rankings for Texas Counties, 1995-1997; 1997-1999

No charge

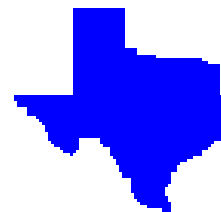

These reports present selected demographic, health status, and outcome measures by rank and by county which are commonly requested and utilized for community planning and evaluation. The sentinel indicators found within this report provide an 'early warning system' for areas that may be at risk for poor health outcomes. The rankings and comparisons provide a historical benchmark to assess the short and long-term efforts expended towards improving or maintaining a community's health. These reports can be viewed on the OHIA web site.

TEXAS DEPARTMENT OF HEALTH
OFFICE OF HEALTH INFORMATION AND ANALYSIS (OHIA)
DATA PRODUCTS AND REPORTS

STRATEGIC PLANNING AND POLICY ANALYSIS

Texas State Health Plan, 1999-2004

\$20
No charge for first copy

The Plan serves as a guide to help Texas decision makers formulate appropriate health policies and programs. The Texas Statewide Health Coordinating Council prepares the Plan every six years with biennial updates.

The Plan can be viewed from the TDH web site under the Leadership section.

Texas State Health Plan Update, 2001-2002

\$20
No charge for first copy

The Plan Update is the first biennial update of the 1999-2004 Texas State Health Plan. It includes the reports and recommendations of the ad hoc committees that were mandated in the 1999-2004 plan.

TDH Comprehensive Strategic and Operational Plan: A Blueprint for Public Health Improvement

\$20
No charge for first copy

The Comprehensive Strategic and Operational Plan (the Blueprint) was required by HB 2085 (76th Legislative Session) which was TDH's Sunset Legislation. The Blueprint provides a plan for improving public health practices in Texas, called the Targets for Improvements. Also included in the Blueprint are a description of TDH's history, a description of current programs and activities, and reports from several workgroups that addressed issues raised in HB 2085.

This plan can be viewed from the TDH web site under the "Publications and Library Resources" section (www.tdh.state.tx.us).

TDH Strategic Plan - Fiscal years, 2001-2005

\$20
No charge for first copy

The Strategic Plan provides an examination of external and internal factors that affect the Texas Department of Health's ability to meet its mission and goals of delivering public health services. These services range from registering births, immunizing children, providing health care for low-income families, preventing diseases and assessing health status to regulating food and drugs, licensing private psychiatric hospitals and recording deaths. The Plan presents policy makers and the public with information on how TDH strategically approaches its public health responsibilities. The 2001-2005 TDH Strategic Plan will be published in June 2000 and available on the web in July 2000.

This Plan can be viewed from the TDH web site (www.tdh.state.tx.us) under the "About TDH" section.

DATA PRODUCTS AND REPORTS

STRATEGIC PLANNING AND POLICY ANALYSIS

Aging Texas Well, 1999

No charge

This report is a collaborative achievement by Texas Department of Health personnel and programs concerned with the health issues of older adults. In partnership with the Texas Department on Aging and as a member of the Aging Policy Council, the Texas Department of Health prepared this report to identify and address major health policy issues as directed by the 75th Legislature in Senate Concurrent Resolution 36. Its purpose is to give Texas citizens objective information to help them prepare for retirement and aging. This report can be viewed on the OHIA web site - Selected Policy Papers.

The State of Public Health: Local & State Government Issues in Texas, 1998

No charge

HCR 44 (75th Legislature) required the Texas Department of Health, the LBJ School of Public Affairs, the UT School of Public Health, and Texas A&M University to study the role of local governments in providing public health services and report findings and recommendations to the 76th Legislature. The named partners as well as many other public health stakeholders met for more than a year and developed this report on the current public health system in Texas, the gaps in the public health infrastructure, and recommendations for improvements.

This report can be accessed at the following web site: <http://www.tdh.state.tx.us/innovation>

The State of Telemedicine and Telehealth in Texas, 2002

\$20

This special report is a collaborative effort by the Texas Statewide Health Coordinating Council (SHCC) and the Texas State Telemedicine/Telehealth (TMTH) Workgroups. In this report, the SHCC has sought to provide an accurate picture of TMTH in Texas and to provide a sound basis for state policy makers to use in formulating future decisions. (Publication #25-11399)
